## NOTICE TO HOMEOWNER

Your house has been examined by a qualified energy advisor based on standard conditions. The energy efficiency evaluation report represents the advisor's best judgment, given the information available at the time of the evaluation.

The purpose of this residential energy evaluation is to assess the energy efficiency of your house; it is not meant to replace a full home inspection. Natural Resources Canada (NRCan) or AmeriSpec make no warranty, expressed or implied, with respect to the energy consumption figures or energy efficiency recommendations included in this assessment. Actual energy consumption and costs depend on a host of factors beyond the control of NRCan.

NRCan promotes the use of energy-efficient equipment bearing the ENERGY STAR® symbol and the use of trained personnel in the completion of energy upgrades. NRCan and AmeriSpec do not endorse the services of any contractor nor any specific product, and accepts no liability in the selection of materials, products, contractors or performance of workmanship.

By signing below, you acknowledge that you have [read this notice and the form entitled "Important Information Regarding Your ecoENERGY Evaluations"](#) and that you authorize the information (including photos) collected about your house during the energy assessment to be supplied to NRCan for the purposes of statistical analysis and quality assurance. You also agree to the transfer of this information to provincial and territorial partners for the purposes of the administration of an incentive program for improvements to residential energy efficiency, knowing that these provincial and territorial entities must, at a minimum, safeguard your information according to federal information protection standards under Canada's Privacy Act. You may be contacted by a representative of NRCan, should any quality assurance assessments of the program be undertaken, and asked for your consent to participate in this review.

### Please Check Service Type:

"D" Evaluation with report e-mailed to homeowner: \$325.00 + HST = \$367.25

"D" Evaluation with report mailed to homeowner: \$335.00 + HST = \$378.55

**In order to receive grants, a post-retrofit evaluation ("E") must be completed by March 31, 2012. The homeowner acknowledges that a fee of \$175 + HST= \$197.75 applies to that evaluation. There is no report issued with this Evaluation, only an EnerGuide Rating Label.**
